

Fast Pitch 2018 Information about Sponsorship

What is Fast Pitch Winnipeg?

In early 2019, The Winnipeg Foundation will present Fast Pitch, a new way of supporting Winnipeg's charitable community. Fast Pitch is an engagement initiative that helps charitable organizations with great ideas find compelling ways to tell their stories and gain support. Through one-on-one coaching with members of the business community, the eight-week program is an exciting opportunity for local organizations and volunteers to help build a thriving city.

Be part of Fast Pitch Winnipeg!

Fast Pitch is a eight-week coaching program designed to help build the capacity of, and create visibility for, Winnipeg's charitable sector. Fast Pitches are high-energy, fast-moving, quick-fire presentations, that aim to share an organization's mission, vision, and promise – all in under three minutes!

Leaders from up to 20 Winnipeg charities will learn more about how to tell their organization's story, succinctly and powerfully. Through the coaching process, they will also build valuable relationships with members of Winnipeg's legal, financial and business communities. The program culminates in a showcase event where finalists compete for up to \$20,000 in prizes.

Fast Pitch is part of an international movement that has proven popular in the start-up sector, and the idea has been adapted for this event.

We are seeking sponsors as well as up to 30 volunteer coaches from Winnipeg's legal, financial and business community to be partnered with a non-profit participant working on their Fast Pitch. (Coaching positions require a commitment of up to 20 hours over a period of 2 months.)

Why Fast Pitch Winnipeg?

Charitable organizations today face huge financial pressure. Fast Pitch helps leaders build skills to more-effectively gain support from funders, donors and the community.

It also helps them build relationships that may help them fulfill other needs: donated goods; board members; strategic advice; training; and volunteer legal, accounting, marketing, or logistics assistance.

At the same time, many in the business community would like to volunteer their expertise, but don't know where to begin. Fast Pitch provides an effective, focused connection point that is mutually beneficial.

How can you be part of Fast Pitch?
