

Professional Development Grants - Policies & Guidelines

The Winnipeg Foundation makes granting decisions based on an application's merit and does not discriminate on the basis of actual or perceived group characteristics as identified in the Manitoba Human Rights Code. Organizations applying for a grant from The Winnipeg Foundation must also adhere to the Manitoba Human Rights Code.

The Winnipeg Foundation's Professional Development Grant program awards grants to charitable organizations for a broad range of professional learning opportunities aimed at strengthening leadership capacity.

Grant Policies

- Only registered charities are eligible for grants from The Winnipeg Foundation's Professional Development grant program.
- Applicants who have not applied for a Community Grant from The Winnipeg Foundation in the last three years may be required to provide additional documentation.
- Organizations may apply for a Professional Development grant once per calendar year.
- Applying for a Professional Development Grant does not preclude an organization from applying for a Community Grant (One-Time or Resilient Community) or other Special Program grant in the same calendar year, but it must be for a different project.
- Professional Development Grants are for permanent staff or board members of the registered charity applying.

Grant Guidelines

- Grant awards are based on a professional and organizational growth plan for leadership development that is clear, measurable, and achievable.
- Applicants must demonstrate that their professional development proposal will bring real benefit to their organization's leadership, to others in their community, and their profession.
- A final narrative report and financial summary of actual revenues and expenses are required at the completion of the professional development activity.
- Grants are not made for professional development activities undertaken before the date of the Grants Committee decision.

Types of Grants
