

Awards Program Information for Students

Congratulations on receiving your award!

How to Claim Your Award

For colleges or universities in Canada

Present your award letter upon registration to the college or university you will be attending. Each school is different so check with your college or university to find out where to submit your letter. Usually letters are submitted to the Registrar's Office or the Financial Aid & Awards office.

TIPS:

- Your award may take several weeks to process. Submit your award letter a few weeks before tuition fees are due to avoid late charges.
- Keep a photocopy of your award letter for your records.

Your college or university will apply the award amount against your tuition and invoice The Winnipeg Foundation.

For colleges or universities outside of Canada

Contact Jocelyn Harron, Finance Administrative Assistant to arrange for your award payment. A cheque may need to be issued to you directly.

In this case, you will need to provide proof of registration, your Social Insurance Number and mailing address.

Are you attending school part-time?

In most cases, you can still claim your award but you may not receive the full amount.

Your award may require you to be enrolled in a full course load. In which case, the amount you receive will depend on how much of full course load you will be taking. For example if you are taking 60% of a full course load, you will receive 60% of the award amount. The remainder will not be carried forward.

Some awards require you to be registered full-time but you may be able to defer the award.

Are you taking a year off? (Deferrals)

Many students take off a year or more after high school graduation to work or to travel. A student may defer their award based on the donor's criteria. To defer an award, contact the Jocelyn Harron, Finance Administrative Assistant.
