

# Centennial Institute Study Allowance

## Application Period: Oct. 15 to Nov. 30, 2021

The Winnipeg Foundation is an embodiment of the generosity of donors from all walks of life who have created endowment funds during the past 100 years to benefit our community in perpetuity. The Centennial Institute pays tribute to this remarkable legacy by supporting those with interest in Canadian and Indigenous history with a Winnipeg and Manitoba focus.

The creation of a civil society, the importance of human rights as part of our collective identity and the underlying philanthropic values that characterize our city and province, are all important elements of the past that have relevance to the present. Supporting those with interest in the life and times of earlier generations (even beyond Canadian borders) can be an opportunity to not only tell the story of Canada but also to include the heritage of all Canadians whose many diverse social and cultural backgrounds shape our national identity.

A Centennial Institute Study Award of \$500 is available to any full-time student enrolled in Years I or II of the Joint Masters Program (JMP) offered by the History Departments of the University of Manitoba and the University of Winnipeg. It is also available to MA students registered in Native Studies or Indigenous Governance at these two universities as well as MA students in Canadian Studies at St. Boniface University. Part-time students may apply for a Study Award of \$250.
