## United by Resilience

When I think of our 2021 theme, “United by Resilience,” my mind wanders to my experiences earlier this year, which taught me the true meaning of this phrase. I was in the presence of community leaders, people who have refused to allow a pandemic to stop them from fulfilling their missions. Asking representatives from charitable organizations across Winnipeg questions about their successes, struggles, and goals shed light on the charity’s unique initiatives. The quality that each of these people shared, however, was an everlasting determination to continue to help our city flourish.

Exhibiting resilience is a powerful tool in itself, but when individuals use their resilience to connect with others, that is when unity is achieved. And unity is precisely what is needed right now. I am left in awe at the thought that while my priority during the past year has been the safety of myself and my family, there are selfless individuals in our communities who recognize the needs of others before their own. For this reason, the people that I have met through Youth in Philanthropy are the most compelling embodiments of united by resilience. To say that YiP has taught me about the work of organizations in the city would be an understatement; it has inspired me to better my community and has opened my eyes to the urgency with which we must take action.

## 2020 Endowment Fund Values

Did you know each committee has its own endowment fund invested with The Winnipeg Foundation? In addition to the base \$5,000 your committee has to grant each year, you can grant even more by growing your endowment fund. When you give to your school's endowment, The Foundation will match that gift dollar-for-dollar (for a total match of up to \$500 each year). The more you give to your endowment fund, the more grants you can make, and the more you help our community.

# Our Thanks to You

We are grateful for youths' engaged and thoughtful grant-making, for staff advisors' dedication and support, and for the agencies who shared their knowledge and time, especially in this challenging time. We are one community united by resilience.

## About YiP

The Winnipeg Foundation's Youth in Philanthropy (YiP) program is made possible thanks to the generosity of donors from all walks of life who make gifts through The Foundation. YiP was established in 1999 to introduce local high school students to philanthropy and community development. The program provides hands-on experience that benefits participating students and local charities alike. It also brings valuable new perspectives to The Foundation's grant-making, while empowering youth as decisionmakers and leaders. This year, more than 200 students representing 15 high schools and three community organizations allocated \$104,000 in grants to local charities based on each committee's chosen Cause. During the past 22 years, The Winnipeg Foundation's youth programming has granted \$2.14 million into the community.

## About The Winnipeg Foundation

For 100 years, The Winnipeg Foundation has had much to celebrate, including the accomplishments of its YiP program, grantees and participants. The Foundation is built by donors who share our vision of "a Winnipeg where community life flourishes for all." Since its establishment in 1921, The Foundation has distributed more than \$612 million to support programs and projects in the areas of arts, culture and heritage; children, youth, and families; environment and animal welfare; health, wellness, and recreation; and literacy, education, and employment. In 2020, The Winnipeg Foundation made 7,200 grants totaling \$73 million. Thank you for your role in that success!
